

TELL PFBC TO UPGRADE WILD TROUT STREAMS

On July 20th and 21st, the Pennsylvania Fish and Boat Commission will meet in Harrisburg to approve upgraded protections for [73 Wild Trout Streams](#) and [5 Class A streams](#). If approved, these upgraded designations will ensure the future health of clean water in these streams and allow these populations to continue to thrive.

[MAKE YOUR VOICE HEARD - TELL PFBC TO UPGRADE 78 STREAMS](#)

Your voice is critically important to seeing these waterways get the protections they deserve. PFBC is accepting public comments in support of finalizing this rulemaking process until June 19. Since 2018, TU and our partners have submitted more than 2,500 public comments in support of these upgrades, resulting in hundreds of miles of streams being protected.

[CLICK HERE TO SEE A MAP OF PROPOSED STREAMS](#)

We appreciate your continued support in protecting clean water for all Pennsylvanians. After you've signed the petition, be sure to [share with your friends on Facebook](#) to double your impact!

Sincerely,

Rob Shane
