

EDUCATION

Trout in the Classroom (TIC) is an environmental education program in which students in grades K-12:

- Raise trout from eggs to fry
- Monitor tank water quality
- Engage in stream habitat study
- Learn to appreciate water resources
- Begin to foster a conservation ethic
- Grow to understand ecosystems

Most programs end the year by releasing their trout in a state-approved stream near the school or within a nearby watershed.

STREAM Keepers

This outdoor watershed experience for middle-school youth employs STEM-based education (science, technology, engineering, math), recreation, and arts

GET INVOLVED

COMMUNITY + OUTREACH

GROUP FLY TYING

Learn patterns and techniques from the experts in a laid back, easy going environment. Nothing quite like hooking a fish on flies that you've tied yourself!

FREE FLY FISHING SEMINARS

Spend a full, pre-season day with PA certified fishing guides Rob Reeder and Scot Loughner. Small class sizes ensure valuable hands-on learning.

WOMEN'S OUTREACH

Learn the basics, build new skills and explore new places to fish with our TU women. All experience levels welcome!

TROUT UNLIMITED

PENN'S WOODS WEST

CHAPTER ACTIVITIES

Penn's Woods West Chapter Activities:

- Member Meetings — Christ Church at Grove Farm, Mt. Nebo
- Trout in the Classroom — Introduces kids to trout and their lifecycle
- Group Fly Tying Sessions — Share your knowledge of patterns and techniques
- Stream Restoration — Partnership with Allison Park Sportsman's League
- Stream Monitoring — Collecting baseline data
- Women's Outreach — Learn and explore at monthly women's events for beginners and experienced women
- Outdoor Adventures — Weekend trips to PA streams for camping, fishing and fellowship
- Cabin Fever — Fishing and conservation event featuring exhibits and speakers

COLD WATER CONSERVATION

We work to preserve cold water fisheries and their watersheds for future generations through conservation, education and exploration.

- "Take care of the water, and the fish will take care of themselves"
- Trout Unlimited is the most effective cold-water fisheries conservation organization in the US
- People join TU because we get things done on the ground, in statehouses and on Capitol Hill
