

Stream Keepers Volunteer and Organization Seminar 2023

Purpose: This one-day event will provide an overview of the Stream Keepers and Stream Girls program including key principles of the program, location selection, volunteer preparation and the key elements. Trout Unlimited chapters and other organizations interested in the program are welcome to send adult representatives to learn about the program.

Location: This seminar is being held on-location at North Park in Allegheny County (Pittsburgh) PA. The location is where Penn's Woods will be hosting their Stream Keepers event this spring.

Seminar Format: The Seminar will be divided into an AM and PM session. The AM session will cover the purpose of Stream Keepers and general considerations for hosting a program including location, clearances, and volunteer recruiting and training opportunities. The PM session will be an interactive review of the key elements of Stream Keepers geared towards volunteers or those who are ready to plan their Stream Keepers program. Those who are only interested in learning more about Stream Keepers are welcome to attend only the AM session.

Seminar Location and Details: The Seminar will be held outside at a picnic pavilion in North Park (Pittsburgh). The pavilion is on a slope and parking is at the bottom of the slope or across the street. A porta john is nearby and other amenities are just across the stream. Please plan accordingly. **Please bring your own water, lunch and snacks for the day.**
